**Re: Mitigation Order on Consent No. P-121-07
Monitoring Well Site No.6**

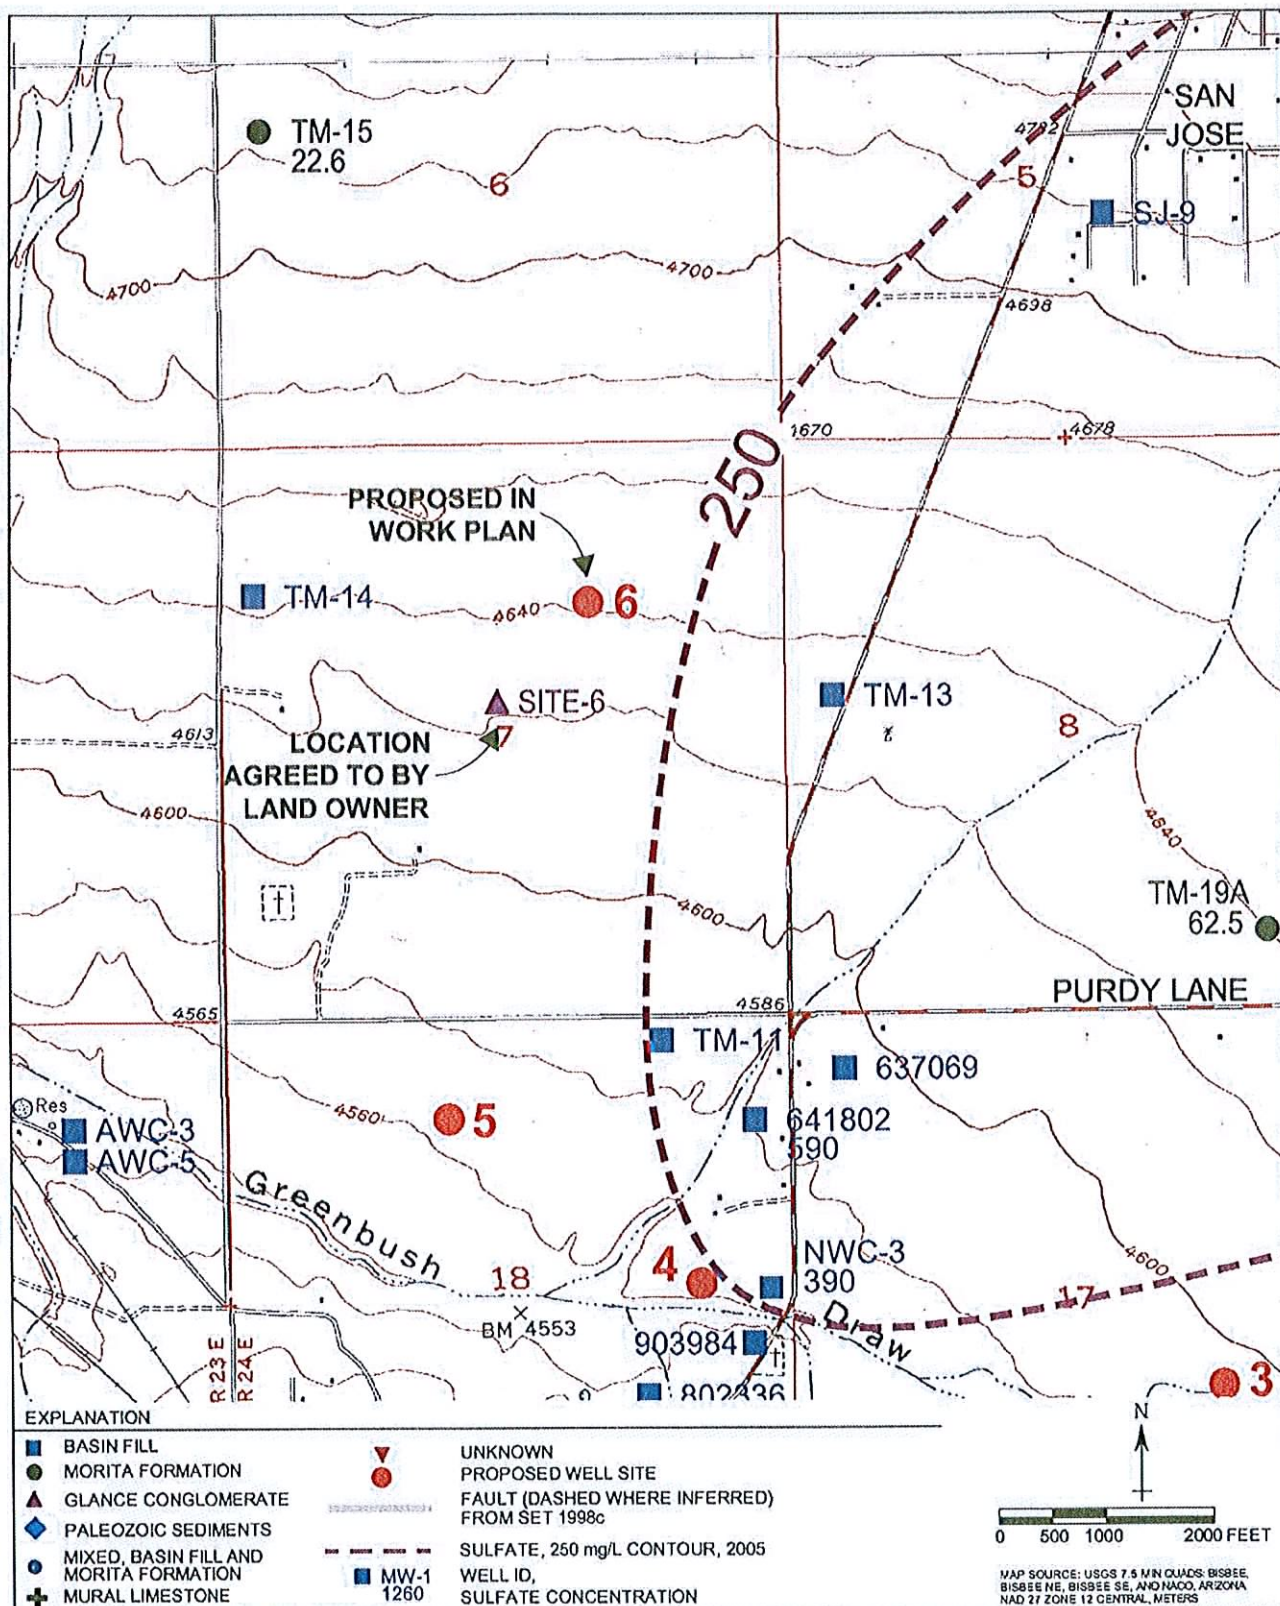

Dear Mr. Casey,

This letter is to notify you that we expect to start drilling at Monitoring Well Site 6 as proposed in the work plan sometime around May 7th. The location of Site 6 needed to be moved approximately 600 feet to the southwest to accommodate the requirements of the land owner. The attached Figure 1 shows the location of the site proposed in the work plan and the site agreed to by the land owner. I will assume the site is acceptable if I do not hear from you by the end of day on May 2nd. If you have any questions about this matter please contact me at (520) 432-6209.

Sincerely,

Michael Jaworski
Site Manager
Phelps Dodge Copper Queen Branch
