

# IMPACT OF FREEPORT-McMORAN ON ARIZONA ECONOMY – 2017

Freeport-McMoRan generated an estimated **\$2.3 billion** in economic benefits for Arizona in 2017.

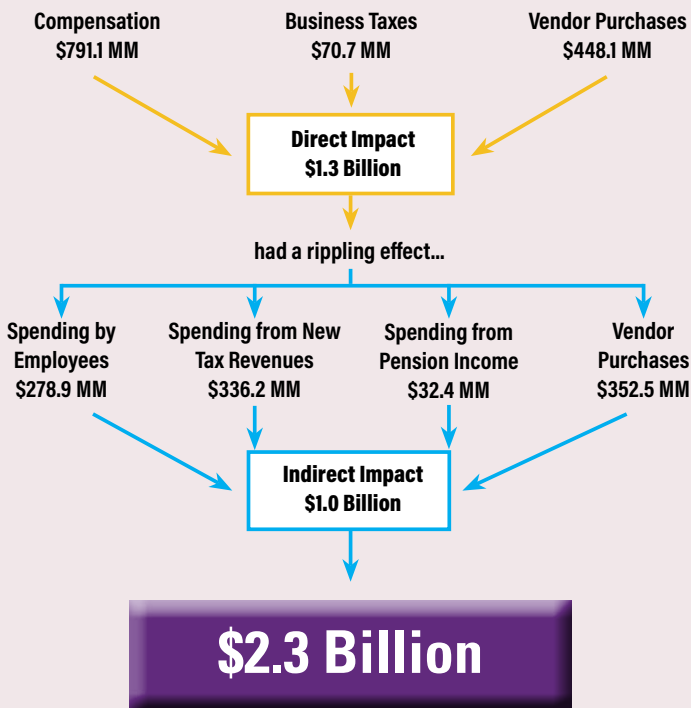

Our company contributes in many ways to the sustainability of the various communities, counties and states in which we operate. They rely heavily on the economic benefits directly and indirectly provided by our various operations in the form of wages and taxes we pay as well as the goods and services we purchase. This direct spending ripples through the economy, inducing additional economic benefits and contributing to more jobs and greater tax revenues.

The following charts help explain how Freeport-McMoRan provides such a boost to the state.

Freeport-McMoRan is also committed to ongoing engagement with the communities in which we operate, investing in programs that help communities realize plans and initiatives that increasingly bolster their sustainability over time and become less dependent on a single industry.
